

Dear Applicant,

This summer is your opportunity for a life treasured experience. Nurture an attitude of worship from sunrise to sunset in the beautiful Cypress Hills of Alberta. If you are serious about seeking God's will and living life to the fullest, we invite you to be a part of our Summer Staff at **Eagles Nest Ranch (ENR)**; an opportunity to strengthen your leadership skills while contributing to a culture where campers-young and old, can come and encounter Jesus and be loved by Him.

The ENR team will equip you and guide you through a 35 hour Leadership Certification Course. This valuable resource is an asset for anyone who works with children in ministry, education, social work, sports or coaching. Consult your school counselor as it may be used for course credit at some high schools and colleges. For two months, you can be an integral part of a team that has a powerful impact on the youth of this generation. 55 days that can lead to lifetime skills and deep friendships are a priceless gift.

After the first week of training, team building, prayer, worship, and activity training, ENR staff will apply their skills at ENR's various summer camps in leadership positions, including junior leaders (15 years and older who will work with a mentor), cabin leaders, and activity leaders.

To apply for staff leadership, please fill out the application below. The successful candidates will be notified, and scheduled for an interview. A limited number of positions are available, therefore early applications are advised. Considerations may be made for people unable to serve at all the camps. Training manual, meals and lodging are provided.

Please provide a current small photo of yourself in the upper right hand corner of the application.

Police Check

We require a **Vulnerable Sector Check** to be done by all staff. Please contact us to request a personalized vulnerable sector letter before going to your local police station as presenting this letter will reduce the cost of the check. Please send in completed check with your application.
